

Needs Assessment Survey Directions

The purpose of these surveys are to assess the agencies, organizations, and resources that exist in your community and whether there is potential for additional services. The surveys are anonymous.

Step 1: Youth Services Needs Assessment Survey

This survey is to be completed by the members of your advisory board. Please have each board member complete their own, afterwards you should come together to determine if there is a need for a chapter of the Pemi Youth Center in your community.

Step 2: Youth Services Needs Assessment Community Survey

Once the advisory board has completed step one and determined that there is a need for a chapter of the Pemi Youth Center in their community please distribute the Youth Services Needs Assessment Community Survey to at least 100 community members making sure to survey across sectors. Individuals being surveyed do not have to live in the community, but should have some significant tie to the community.

Step 3: Youth Services Survey

Please with parents permission have at least 30 youth between the ages to 10-17 complete this survey. This survey can be administered while the community survey is being conducted. You **MUST** have parent's permission, a permission slip is provided, if administered through the school you **MUST** have the schools permission and follow any additional rules/procedures the school requires.

Please contact Sam Diemand at sdiemandpyc@gmail.com for copies of the surveys.
